

**I-COMPREHENSION**

Hi, I'm John. I live in London with my family. London is a very large city. It is the capital of England. Our flat is on the second floor. We don't use the stairs. We take the lift. The flat is very small. There are two bedrooms, a kitchen and a living room. There is also a small bathroom, a toilet and a balcony. My brother, my sister and I like our flat. It is very nice because it is in the centre of London city. On weekends, we visit our grandparents in the countryside. They live in a very beautiful farm full of animals, flowers and trees. Their house has got only one storey. There is one small kitchen, next to **it** there is a nice dining room. There is also a large living room and a lovely bathroom. There isn't a laundry room in my grandparents' house.
